## Highest Priced Shorthorn Bull Bred at Champion

For the second time in suc-  
cession, at least, A. S. McDougall  
had the highest priced short-  
horn bull at the Calgary Spring  
Show and Sale. Lismore Hope,  
22 months old bull, weighing  
1,710 lbs. brought \$400, exceed-  
ing everything in his class by  
\$235, and this after being placed  
4th by the judges. In fact the  
buyers of bulls disagreed at  
every point with the judging of  
shorthorns, paying more for  
unplaced animals than prize  
winners. Mr. McDougall's en-  
try this year in the class of  
bulls born between Jan. 1 and  
June 30th, 1928, was one of the  
finest animals that ever left  
this district and it is gratifying  
that he received outstanding  
recognition from the buying  
public if not from the judges.  
When it is considered that the  
champion bull sold for \$410 and  
the reserve champion for \$420,  
the price realized for Lismore  
Hope is all the more remark-  
able. Mr. McDougall also sold  
six yearling bulls for prices  
\$235 to \$120.

C. D. McDougall realized \$325  
for a two year old bull unplaced  
on the prize list, and two year-  
lings at \$150.

## Teachers to Meet At Calgary

The Twentieth Annual Con-  
vention of the Alberta Educa-  
tional Association, which meets  
in Calgary Easter week, offers  
the teachers and others inter-  
ested in education an oppor-  
tunity to hear an educationist  
of outstanding ability and edu-  
cation, in Dr. Boyd H. Bode of  
Ohio State University, whose  
life work is the training of  
teachers. Dr. R. C. Wallace,  
the president of our own Uni-  
versity, will be heard for the  
first time by Alberta teachers,  
and the executive has arranged  
a discussion for Thursday  
morning by outstanding edu-  
cationists on the validity of our  
educational objectives.

### Card of Thanks

Mr. and Mrs. Geo. Rhodes  
wish to thank the O.O.R.P. and  
the B.P.O.E. for the lovely  
flowers, also Dr. Freeze and  
nurse Newsome for their kind  
attention during Mrs. Rhodes  
recent illness and Mrs. John  
Anderson, Mrs. Jim Groves and  
Miss Reenie Johnson for their  
kindness and help.

Before doing your spring de-  
corating or painting see Knux-  
Savoy Hotel.

## Urges Planting Of Trees

Every unimproved or unplan-  
ted home in Canada can be  
made more attractive and more  
valuable by the planting of  
trees, shrubs, vines and flowers,  
and a well-kept lawn. The cost  
of the nursery stock required  
is one of the most profitable  
investments a farmer can pos-  
sibly make, because such im-  
provements will actually in-  
crease the money value of the  
place by many times the  
amount spent in a simple plan  
of home planting. It will make  
it more valuable as a home and  
it will certainly command a  
better price if put up for sale.  
It is surprising how a few im-  
provements will turn a mere  
house into a real home. In  
addition to its increased mon-  
etary value the attractive farm  
home goes a long way in hold-  
ing the family together; in  
keeping the young people on  
the farm. They will love their  
home and be proud to bring in  
their friends. Some may say  
it costs too much or that it  
takes too much time to care for  
flowers and shrubs. It is, how-  
ever, more a matter of dis-  
position than of time or money.  
The farmer who is disposed to  
have flowers and attractive  
home surroundings will have them  
no matter how busy he may be.  
Canadian farms should be more  
than just farms; they should be  
homes in the country.—F. C.  
Nunnick, President of Ontario  
Horticultural Association.

## First Half-Holiday Wed., May 7th

The regular Wednesday half-  
holiday will be observed the  
first Wednesday in May and  
thereafter during the summer.  
This is in accord with the pro-  
cedure in previous years and  
those interested are requested  
to take notice.

## Bakery to Install Larger Oven

The Champion bakery, oper-  
ated by Cotes & Hancock has  
become a popular institution  
to the residents, so much in  
fact that a larger oven is to be  
installed in the near future in  
order that the demands of the  
trade may be met.

Miss Gladys Rhodes, of Cham-  
pion was the guest of Mr. and  
Mrs. E. F. Layton over the  
week end and was an enjoyable  
violin soloist at Wesley church  
on Sunday evening.—Leth-  
bridge Herald.

We have cut these from \$33.97 making a further inducement for you to buy an overcoat for next winter. You now save \$15.50.

All other overcoats reduced accordingly.

**JOPLINGS, - - Champion, Alberta.**

## NO END FROM UNEMPLOYMENT

Ottawa.—Ottawa will not provide a five-cent piece to any Toronto agency in any of the provinces for unemployment relief, Premier W. L. Mackenzie King told members of the House of Commons. This attitude was taken by Premier King when he spoke in the debate that was precipitated by A. A. Heaps (Lab., Winnipeg, North). The Labor member moved an amendment to the motion to go into supply, urging that the government take immediate action to deal with the unemployment situation.

The Federal government is without power to embark upon social legislation like unemployment relief, the British North American Act invests the provinces with all jurisdiction in matters of this character, the premier held. His remarks caused a sensation in the House and there were Conservative cries of "No money." He declared that the Federal Government, after reducing taxes and adding to the exchequer since 1921 was prepared to distribute these savings among the Conservative governments of Saskatchewan, British Columbia, Ontario, New Brunswick and Nova Scotia.

Any government headed by a Progressive premier would be looked upon as favoring the unemployed for employment relief. He said that no relief had come from the Alberta, or Saskatchewan governments for relief.

The prime minister spoke for two hours. He did not believe there existed in Canada at present an emergency which would justify the Federal administration in embarking on any program of unemployment relief or of expending in any manner public money for the purpose of unemployment insurance. There must always be a certain amount of seasonal slackness in outdoor work during the winter months in Canada. That had always been the case and always would be. He did not feel that the Federal Government had any right to ask the taxpayers to bear a burden which rightly lay on the provinces.

On Monday last, said Prime Minister Mackenzie King, he had moved the House into committee of supply, but Mr. Heaps had moved an amendment to the motion to go into committee in the matter of unemployment. The House was far from united on this question in Mr. Heaps' mind. One phase that had been emphasized was that unemployment was a national problem. He didn't think it was questioned, but a great deal depended on what inferences would be drawn from it. If it meant a national problem to the government of the provinces and municipalities, then the point could not be admitted.

There must be, in an endeavor to meet this problem, a certain division of labor, Mr. King said. The League of Nations may do something to a solution, but its part would be to prevent from any one municipality. Because it has been conceded unemployment was a national problem, some members have inferred that an emergency existed which the Federal Government should deal with. Some scheme of social legislation in the form of unemployment insurance had been suggested.

No request from Alberta or Saskatchewan, he said, had been received for unemployment relief. Yet, the premier stated, "we have been in touch with the premiers of these provinces on the question of natural resources." The premier of Manitoba had not asked for any assistance, he continued, nor had the premier of Ontario made any such request. "And," the prime minister asserted, "we have a view from the premier of Quebec that he does not want any assistance."

The premiers of New Brunswick, Prince Edward Island, Nova Scotia and Prince Rupert Island had not, he declared, sent any communications for relief. The only request was from a "few gentlemen" who had come to Ottawa, Premier King said.

There had been no representations Premier King stated, except from some parts of Western Canada, and chiefly from those who wished to take a certain attitude on the budget. He said he desired to indicate that an emergency existed.

**Race Postpones Test**  
Daytona Beach, Fla.—Raymond D. Brittle, racing champion, announced he has postponed indefinitely his proposed assault upon the world's auto speed record because of an unfavorable beach condition.

W. N. U. 1832

## Question Of General Election Discussed

But No Official Statement Is Issued For Press

Ottawa, Ont.—The question of a general election was discussed at a meeting of the Liberal party. While no official statement was issued at the conclusion of the meeting, it is understood Premier Mackenzie King stated that he was no more decided whether to hold an election this year or in 1931, than he was three months ago, at the same time, it is said the prime minister warned members they should begin preparations and continue to make preparations.

The views of a number of private members were expressed; and, it is understood that in the course of this discussion a suggestion was made that August 25 next, might possibly be the date for an election.

## At the Top Of The World

Folk Get the Blues When It Is Mid-Winter In The Arctic

Winnipeg, Man.—The largest-of-the-world folk get the blues when it's mid-winter in the Arctic. This is the comment of William Murray, manager of Hudson's Bay Company post at Herschel Island, off the north shore of Canada. He refers to the fact that the Eskimos, who are a generous word for two hours of murky twilight.

From November 20 until January 15, observes Mr. Murray, no sun is visible at Herschel Island. Little or no travelling is done although there is fairly good light at night, when a red glare appears in the southern sky. For days before the sun's return natives stand eagerly on top of their houses looking first glimpse of Old Sol.

## Menaced By Oil Gusher

Fire Hazard Threatens Lives and Property Of Oklahoma

Oklahoma City, Okla.—A great gusher roared like a young volcano in the backyard of Oklahoma City while men made futile efforts to contain a spout of gas and oil unleashed in the race for riches. The gusher has driven inhabitants from their homes, deluged the city with a thick coat of petroleum, through which even the heaviest, pump, filling ravines with gas and threatened lives and property with a dire hazard.

A pebble, driven by the tremendous flow of gas struck the house, which, like a rocket, would explode the countryside in flames.

## Reserve Bank For Australia

If Established, Will Have Ten Million Dollars Capital

Canberra, Australia.—Hon. E. G. Theodore, Commonwealth treasurer, introduced in House of Assembly a bill to create a central reserve bank similar to the Central Reserve Bank of England. The bank would have a capital of \$10,000,000, drawn from the Commonwealth Bank, and the board will include representatives of Labor.

The proposal makes another step in the Labor government's comprehensive program for reconstruction of the economic and financial position of Australia, a program which also includes a compulsory wheat-marketing pool.

## War Reparations

Ottawa.—Canada has received \$19,151,436 in payment of war reparations. Hon. Fernand Brunet, secretary of state, informed the House of Commons in reply to a question from Earl Lawson (Con., York West). The question also asked the amount paid, or to be paid, of amounts awarded by the reparations commission. The reply to this was that no sum was paid in the form of annual payments for reparations. Payments were paid under the provisions of the reparations payment act.

## U.S. Authorities Commission

Washington, D.C.—The McNary bill to create a commission of three persons to cooperate with Canada in considering the feasibility of constructing a highway to connect the northwest corner of the United States with British Columbia, Yukon Territory and Alaska, was passed by the Senate and sent to the House.

## Might Suggest Disaffiliation

Ottawa, Ont.—For Canada to introduce another flag beside the Union Jack might indicate or suggest some disaffiliation with the present party, said a member of the House of Commons in reply to the question, Robert B. Smith, member of parliament for Cumberland County, N. B., told members of an Ottawa society club.

## Famine Takes Heavy Toll

Hundred Die Every Day In Chinese Province Of Shensi

New York, N.Y.—People are dying at the rate of one hundred a day in the plains of the Shensi province in the famine stricken area of China, according to a report received from Mrs. Philip S. Dutton at Tokyo, North China.

Mrs. Dutton, formerly of Sault Ste. Marie, Mich., estimates that by the beginning of summer two-thirds of the population will be dead. The inhabitants, she says, are tearing down their houses and selling the material to obtain money for food. In every yard is a pile of leaves which the owners are eating. When the leaves are gone they will die. Mrs. Dutton says.

## STUDY VARIOUS PROBLEMS OF GRAIN INDUSTRY

Ottawa, Ont.—Three fellowships established by the Canadian Wheat Pool to further scientific research in problems of the Western Canadian grain industry, each having an annual value of \$1,200, were being awarded by the National Research Council.

As announced the successful candidates are: R. G. Dunlop, B.Sc., University of Saskatchewan, who will undertake research in the Department of Field Crops and Plant Biochemistry of the University of Alberta.

H. S. Sault, B.Sc., University of Saskatchewan, who will undertake research in the Department of Wheat Chemistry of the University of Saskatchewan.

C. A. Winkler, B.Sc., University of Manitoba, who will undertake research in the Department of Agricultural Chemistry of the University of Manitoba.

Sixty-five persons have been successful in securing a national research council post-graduate research scholarship, tenable in Canadian universities during the years 1930-31. This year considerably more than twice as many applications were received as there were awards available, says a statement issued recently by the Research Council.

Three classes of post-graduate scholarships are awarded, known as bursaries, studentships and fellowships, having a total value of \$750, \$1,000 and \$1,200 respectively. These awards are provided to enable Canadian students who have graduated with distinction from a university to continue their training in science until they have qualified for a Ph.D. degree in order to build up a course of thoroughly trained research workers for service in Canadian industries, universities and in the technical departments of the federal and provincial governments.

## Surveyor-General Named

Victoria, B.C.—Official announcement was made by the government of the appointment of F. C. Green, Victoria, B.C., as the new surveyor-general of British Columbia, to fill the vacancy caused by the death of J. E. Unruh.

## Liquor Vessel Seized

Boston, Mass.—The British two-masted schooner "Arany," with 800 cases of liquor aboard, was seized off the coast of Maine by a coast guard patrol boat, recently, Thomas F. Flanagan, in charge of the customs enforcement crew here, announced.

## MAHOONED AVIATORS RETURN TO CIVILIZATION

Klein, Ont.—It has been announced at Portsmouth penitentiary that Deputy Warden Robert R. Tucker in being transferred to Saskatchewan penitentiary at Prince Albert.

Mr. Tucker came to the Portsmouth prison as chief keeper in 1914.

**Navigation To Open Soon**  
Buffalo, N.Y.—Navigation on the Great Lakes is expected to open about April 20 according to Captain Dan H. Bowen, manager of the Sault Ste. Marie Marine Bureau.

## BRITISH AMBASSADOR TO U.S.

Sir Ronald Lindsay, new British ambassador to the United States, who, with Lady Lindsay, has just arrived at Washington, D.C., to take over his new duties.

## Cosgrave Re-Elected

Retains Presidency Of Irish Free State Executive Council

Dublin, Ireland.—William T. Cosgrave was re-elected by the Dail Eireann to serve as president of the Irish Free State executive council. He thus maintained his ascendancy over Eamon de Valera, campaigner for an "Irish Republic."

Cosgrave who had been defeated by a narrow margin recently on an old age pensions bill, was chosen for his support for the attitude of toleration which this province has always taken as regards minorities.

The successive votes were: For De Valera: 54 for, 93 opposed. For Cosgrave: 13 for, 78 opposed. For Cosgrave: 89 for, 55 opposed.

## Pay Tribute To Writer

Memory Of Hans Christian Andersen Is Kept Alive At Copenhagen

Copenhagen.—One hundred thousand persons gathered at the town hall here to sign the national anthem in memory of Hans Christian Andersen, writer of fables and fairy stories.

Copenhagen officials spoke in English, French and German concerning Andersen's humble birth 125 years ago, and their words were broadcast throughout Europe.

Members of the diplomatic corps paid homage at the grave to the man who enriched the simple imaginative literature of all lands and paved the way for the modern bedtime stories.

## High Prices For Livestock

Calgary, Alberta.—Four mature Aberdeen-Angus bulls brought an average price of approximately \$190 each at auction during the opening session of the Calgary spring bull sale. A total of 19 animals were sold, including a number of yearlings, which were less in demand, the average for the animals of this breed being \$147.

## Deputy Warden Transferred

Klein, Ont.—It has been announced at Portsmouth penitentiary that Deputy Warden Robert R. Tucker in being transferred to Saskatchewan penitentiary at Prince Albert.

Mr. Tucker came to the Portsmouth prison as chief keeper in 1914.

## Navigation To Open Soon

Buffalo, N.Y.—Navigation on the Great Lakes is expected to open about April 20 according to Captain Dan H. Bowen, manager of the Sault Ste. Marie Marine Bureau.

## Doukhobors On Rampage

Eight Families Stage Nude Demonstration at Nelson, B.C.

Nelson, B.C.—A nude demonstration staged by eight non-community Doukhobors, who interrupted the preaching of Peter Verigin at the annual meeting of the Christian Community of Universal Brotherhood, at Brilliant, was followed by further disorders Monday night about which the Doukhobors had the content of disturbing. The provincial police from Nelson were called out to maintain order.

The demonstration resulted in a committee being appointed by the conference to interview the malcontents and offer them a tract of land in the Skeena Valley for their use, provided they would agree to be law abiding, to send their children to the schools, and to pay lawful taxes. This offer was rejected by the disturbers, who demanded the privilege of the free close association with the community without obligation to pay rates or obey the laws. They were then requested to leave.

## Carried By Large Majority

Jews In Quebec Are Granted Separate School Rights

Quebec.—A vote of 35 to 5 of the Quebec Legislative Assembly approved of giving separate schools to the Jewish people on the Island of Montreal.

Hon. Athanasius David, provincial secretary, explained the bill, and said that for the attitude of toleration which this province has always taken as regards minorities. Premier Taschereau made it clear that he was against the secular schools and for this he also favored the bill. He hoped if Jewish schools are established they will be along the lines of good Canadian thought.

## LIQUOR EXPORT BILL OPPOSED IN THE SENATE

Ottawa, Ont.—A declaration by Senator Charles E. Tanner, of Halifax, that in his opinion the government is not to prohibit liquor exports to shipments destined for the United States appeared to have been anticipated from Washington, where discussion of this measure in the Senate.

The time of the Senate during the sitting was devoted to discussion of the bill. Senator Tanner occupied the major part of the time in a lengthy speech supporting the Conservative amendment to the motion for second reading.

The amendment which was moved by Senator W. B. Willsborough, Conservative leader in the Senate, asks that the bill be not read a second time at present, "but that it be referred to a special committee, to be selected by the Senate, for the purpose of obtaining information as to the effect the passing of the bill would have on the economic, national and international conditions of the Dominion of Canada."

Senator Tanner asserted that the bill could commit Canada to a policy of the prevention of liquor export to the United States.

"The more we give these people, the more they want," said Senator Tanner, with reference to the United States. As far as the government of the United States was concerned he considered it both "relentless and selfish." The United States, he declared, always got the best of any bargain that it entered into with Canada.

"Are they taking our interests into consideration in the tariffs they are imposing?" asked Senator Tanner, in elaborating on his declaration that the United States consequently looked after its own interests exclusively. "How about the Chicago dinner? Are we getting any nearer to a solution of that?" Senator Tanner said that the United States representatives in London today were saying "Here we are. If you care to come to our terms there'll be an agreement." The senator expressed admiration for the point of view which was attributed to the United States. They were looking after their own interests, and he wished that the government of Canada would take a similar attitude in respect to the Dominion.

There were two other speakers. Senator Norman Curry of Nova Scotia, said the would not vote for the bill. In his opinion withdrawing of Canada's liquor exports to the United States would not affect the situation in that country. Canada exported about two per cent of the liquor consumed in the United States. Illicit manufacturers would very soon make up that deficiency.

## BRANCH LINES TO SERVE NEW WESTERN AREAS

Winnipeg.—Covering nearly 90 miles leading into rich agricultural territory in Saskatchewan and Alberta, the Canadian Pacific Railway has just let contracts for grade construction of four branch lines, it was announced by D. C. McNeil, vice-president of western lines.

These touch Chocomaud and Prince Albert, Soundingdale, Rockglen and Leduc. The contracts cover less than half of the railway's present grading program, and it is expected that tenders will be let this month for a substantially increased amount for branch lines.

When completed this year, the branch lines of the C.P.R. will give over 90 miles of new road north of the Saskatchewan River extending northwest from the new bridge in land so rich in agricultural promise that it is already rapidly being settled. The new branch will be a significant part of the company's lines radiating from Prince Albert. The present contract covers the line from the new bridge to a distance of 25 miles.

Projected to afford railway facilities for the new farms, the branch who are located south of the Saskatchewan, the Soundingdale line also traverses a rich farming district between Saskatoon and North Battleford.

From Rockglen westward is a continuation of the line to the C.P.R. Lake branch to afford transportation to a district of exceptional agricultural possibilities that is now being settled by additional families brought to Canada by the co-operation of the Canadian Pacific Railway and the British Government.

Approximately 20,000 acres have been divided into quarter section farms, and the new branch will serve farm houses, out buildings, horses, cattle and machinery. Additional contingents of settlers arriving this spring will profit by this transportation advantage.

The connecting of Lacombe and Western lines with Edmonton and Leduc, on the Calgary and Edmonton road, will furnish better access to the Alberta capital for the farmers of the West, and the line will make the plan for the entire time and makes it suitable for the improved operating conditions now under consideration. The line as now built, will considerably shorten the haul for large quantities of grain now being shipped by rail.

## Early Seeding Operations

Saskatchewan Farmer Has Sown 260 Acres Of Wheat

Saskatoon.—Here's a record in spring operations for farmers of the West. Thomas J. Wilson, of Harris, 50 miles southwest of here, has sown nearly 200 acres of wheat seed, and additional pulled out of the field recently.

Mr. Wilson, who is one of the "Big Four Farms" brothers, found the weather in the Harris district, for a depth of eight inches the land was like powder, he said. A few other farmers in Harris district are seeding. P. Moon, who farms at Grasswood, 20 miles south of here, has plowed up 25 acres of bromegrass. He plowed four inches deep and found no frost.

## Outrages At Neudorf

Reverd Of \$500 Is Offered For Conviction Of Offenders

Neudorf, Sask.—The municipality of Neudorf has offered a reward of \$500 for the conviction of the parties believed to be waging a vendetta against Louis Ulmer, a farmer of this district and his family. Last September, when the farm was in possession of Ulmer's father, four horses and two cows were killed in a fire, and the farm was subsequently the granary was burned down, 1,400 bushels of wheat being destroyed. Recently two more horses, a cow and a calf were killed outright and four horses badly injured.

**Australia Plans Larger Area**  
Melbourne, Australia.—Addition of a million acres to the wheat growing area of the state of Victoria is the aim of the state government. Hon. William Storer, state treasurer, recently announced the associated banks in co-operation with the government are making \$1,000,000 available for moving additional wheat areas.

All the relics of King Tutankhamun will be removed from his tomb by the end of this year.

## CHAMPION CHATTER

VOL. 3

Thursday, APRIL 10, 1930

No. 8

Published in the interests of the People of Champion and Farmers of this vicinity.

GEORGE L. DEPUÉ, Editor.

Winter's Last Stand

Yes, sir—a few more weeks and you can substitute white flannels for the red one! You're swinging a maul instead of a coal shovel and start wondering how soon the neighbor's chickens will be into your garden seed. But these last few weeks—Oh my! You know what they're like! Winter's last stand—the woe finish.

C. McDougall has taken out his tractor and Mc-Dug 12 ft. Cultivator. Chas. says he is going to do his farming in less time and raise more bulls.

"Shay, pardon me, offishier, but where are you?"

"You're on the corner of 8th Ave and 1st St. W."

"What town is it?"

"Good Equipment Makes a Good Farmer Better."

John Othelweiser recently gave his tractor an overhauling after three years use. His repair bill was \$3.00, seems fair enough don't it folks.

The Mc-Dug Tractor Plow has: A rigid-flexible, spring-trip hitch. A positive, quick acting power lift. A simple, two-level control system. A large amount of clearance under the beams and between the bottoms. A heat-treated, rugged, light-weight, steel frame. A number of other good features.

In the last week we have unloaded a car of machinery including drills, plows, disc harrows, cultivators and Cream Separators also another car of Mc-Dug Tractors.

"What's on your mind?"

"Thoughts."

"Treat them kindly."

They're in a strange place."

Our new No. 4 Tractor disc harrow is receiving all of attention these days. It's a real tractor-cultivator.

Water, actually boiling, will remove iodine stains from linen or silk if poured directly over the stained spot held over a basin.

Jack Doyle has taken out his new Mc-Dug 22x30 h.p. Tractor and a 2 ft. tractor weeder. Mother: "Tommy, why are you always at the tail end of your class?" Tommy: "That's all right—they teach the same thing at both ends."

## Local and General

Before doing your spring decorating or painting see Knox—Savoy hotel.

Baby chicks, Rocks and Wyandottes, R. I. Reds. Leave order at Campbell's.

E. G. Mifflin has rented Louis Fath's residence for the summer, the former moving to the farm.

Ricardo Ortiz, Claire Windsor and Alma Bonnett are all starred in "The Grain of Dust" Saturday night's show.

Through an error in a card of thanks for Mrs. Vanbesien flowers were attributed to the C.W.I. instead of the C.W.L.

High winds have been prevalent throughout the week and considerable soil drifting has occurred on summerfallow land.

Charlie Starr arrived in town on Monday and will remain here to take charge of the Champion Petroleum Products oil station.

Considerable grading was done during the week on the town streets, main street in particular receiving very satisfactory attention.

The spring clean up is due and is badly needed in a number of places. It is understood the council will insist upon a complete clean-up at the earliest date.

Seeding has made rapid progress during the week in spite of several very windy and dusty days. As high as a half section has been reported as sown by one individual.

Housekeepers in town have been having an interesting time lately chasing dirt. It has a faculty of reappearing just about as rapidly as it can be cleaned up.

Definitely planned projects to be undertaken in Canada involve a total expenditure of over one billion dollars, of which about \$500,000,000 will be spent in 1930.

K. R. McLean, R.O., of McLean & Anderson, Sight Specialist, 238-8th Ave West, Calgary will make his monthly visit to Champion Friday, May 2nd at the Drug Store.

An Easter dance is being put on at the Alston Community Hall on Monday, April 21st. The Turner Valley Orchestra will supply the music and supper will be served in the basement at a cost of 25c per plate. A big crowd is anticipated.

The council had a grader employed on the south side of the main street last week and considerably improved the situation which will be further improved by the existing dry and windy weather.

Champion Lodge A. F. & A. M. G. R. A.

Meets second Thursday in each month. Visiting brethren welcome.
